

NAZIS 'CHUTE INTO CAUCASUS WITH TANKS

Meandering  
Along the  
Main Stem

By WASH FAYETTE

Most of you folks know our old friend (this is just a term of endearment and not that he is really old) Glenn Speaks, veteran employe of The Dayton Power and Light Company, who is now rounding out his 40th year with the company and its predecessors, and who for years has held the title of supervisor of plant, hot water, heat and gas. He knows his stuff, and that is the reason he has held the job all these years.

Glenn became affiliated with the old Washington Gas and Electric Company when G. N. Clapp was president, and Mose Gross was one of the fixtures of the company here.

I knew Glenn over yonder in Bloomingburg when he used to assist his father, John Speaks, one of the finest blacksmiths (both personally and in skill) that I ever knew, in his smoky shop in Bloomingburg, where the anvil was kept ringing early and late, and where metal and woodwork of high quality were turned out to meet the demands of the neighborhood. Hal Worrell also had a good shop at the same time.

I recall the first time that I saw Glenn to know who he was. It was at an "ice cream social" or something held in the beautiful Rodgers Park, three miles north of Bloomingburg, when the Bloomingburg Band was in its prime and furnished music from the bandstand in the center of the park. Those gatherings were always gala affairs, or at least so they appeared to a freckled faced farmer boy about my age.

On that particular night when I first met Glenn, he and another boy from Bloomingburg were having a lot of fun with a small megaphone and one of the boys in my group suggested that we take the megaphone away from Glenn.

However, one of the gang knew Glenn and immediately said:

"Better not try it. I know that guy, and he's like a pack of wild cats when it comes to a scrap." That seemed to discourage the ambitious member of our gang.

I met Glenn later in the evening and it was the beginning of a friendship that has lasted down through the years. About the time I first met him, Glenn was one of the boys who by his boyish pranks assisted in making life miserable for the village marshal, L. Dellinger, who loved to chase the boys with his ready cane raised as if to smite the unfortunate youth who might fall into his clutches.

No foolin', this Victory effort being put forth by hens, vegetables, fruits and grains has just about got me groggy. However, I always come up for more, and here is the latest:

Henry Sparks walked into the office Tuesday showing two ears of corn, both growing on one stem, and forming a perfect "V". That just goes to show that we're going to hit Hitler, jam the Jap and muss Mussolini with everything we have from corn to cannon.

RUHR'S WAR PLANTS  
ARE BLASTED AGAIN

Night Assaults by RAF Are Followed by Day Raids

LONDON, Aug. 5.—(AP)—British bombers attacked targets in Germany's Ruhr Valley last night while fighter command planes raided railroads and other objectives in occupied territory, the Air Ministry announced today.

Two RAF planes—a bomber and a fighter—were lost in the night operations.

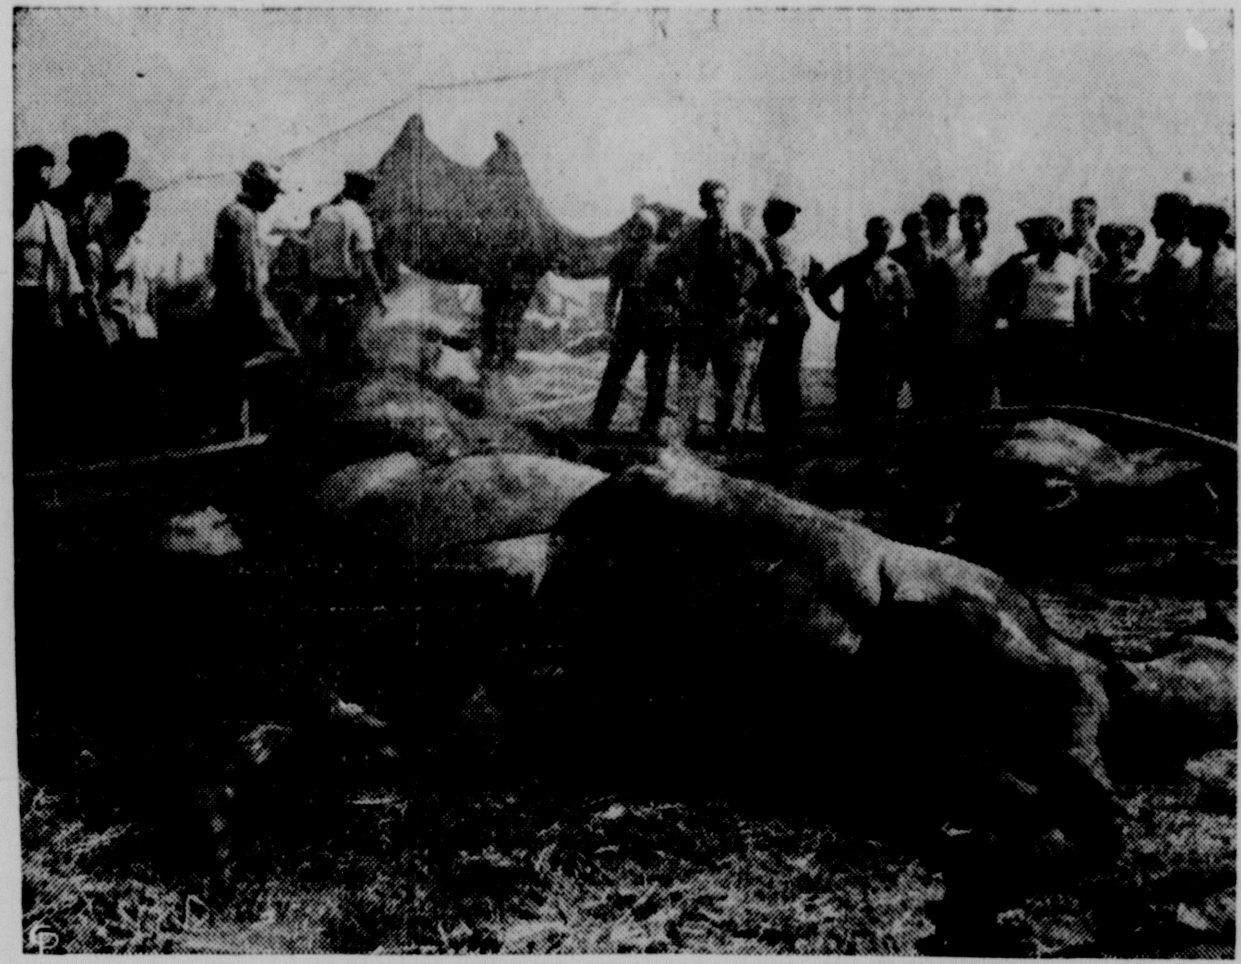

Fighters and fighter-bombers, following up the night raids, made a morning sweep over the English Channel in clear weather.

The Germans sent small forces of raiders against South and Southwest England and South Wales overnight and six enemy bombers were destroyed, the British announced officially, indicating a high score for Britain's secret new anti-aircraft defenses.

Flames Sweep Agony and Death Through Circus Animal Tent

The smoking ruins of the huge menagerie tent of the Ringling Brothers-Barnum & Bailey Circus are shown, above, just after a sudden blaze swept through the canvas structure, pitched on Cleveland's lake front. It is estimated 35 valuable animals, including performing elephants, which were in the tent at the time, succumbed in the fire or were so badly burned they had to be destroyed. The bodies of three dead camels are seen in foreground in the photo right. The blaze occurred just two hours before the scheduled start of the afternoon performance.

Limit on Car Use  
Is Possibility As  
Ration Substitute

WASHINGTON, Aug. 5.—(AP)—President Roosevelt is going over the petroleum and rubber situations and may present his views to congress and the nation by tomorrow.

That probability arose today in the wake of these developments:

1. The President affirmed at his press conference yesterday

that he would veto a bill setting up a separate government agency to make synthetic rubber from grain alcohol.

2. The War Production Board was reported considering, as an alternative to nationwide gasoline rationing, a plan to limit automobile driving in non-rationed areas by making a periodical check of mileages shown on speedometers.

3. Price Administrator Leon Henderson described the eastern gasoline shortage and the national rubber emergency as separate problems "in no way connected."

Allied Troops, Including Yanks, Still Command Mountain Pass

GENERAL MACARTHUR'S HEADQUARTERS, Australia, Aug. 5.—(AP)—The suspension of all but reconnaissance operations in the Australian theater today found the Japanese apparently halted in the Kokoda area of New Guinea near the base of the two-mile-high Owen Stanley range two weeks after their Buna-Gona landing and the start of their drive across the island.

Latest reports indicated that the airfield and other small clearings in the jungle at Kokoda—on the far side of the towering mountains from the Allies' Port Moresby base on the south shore—were a virtual no man's land with both Allied and Japanese troops keeping close to the shelter of the dense, tropical foliage.

All advice agreed that Allied units still commanded the approaches to "the gap" a 6,000-foot pass which is 14 miles by tortuous uphill trails from Kokoda.

Black Market for Steel  
Revealed By Shipbuilder  
After Contract Held Up

NEW ORLEANS, Aug. 5.—(AP)—Two investigations were promised today into charges made before a congressional subcommittee here that a "black market" in steel existed where "immediate delivery was made" from "bulging warehouses scattered over the nation."

Price Administrator Leon Henderson in Washington ordered an immediate probe by the OPA of charges made yesterday by Frank Higgins, associated with his father, A. J. Higgins, in shipbuilding here, that his company bought steel from such markets at higher premiums.

Prior to Henderson's order, President Roosevelt at a Washington press conference said he thought persons who sold steel in such markets should go to jail and that the charges should be investigated.

Nine Suffering Beasts Put Out of Misery with Guns; Thirty Others Die

CLEVELAND, Aug. 5.—(AP)—Medicine's latest treatment for burns was applied today to beasts who survived a fire which killed 39 wild and tame circus animals.

The 20-minute conflagration yesterday destroyed the menagerie tent of Ringling Bros. and Barnum and Bailey Circus, burning to death or suffocating 30 animals while nine others were shot to put them out of misery. All were on display at the circus but had no part in performances today.

Women May Be Registered

Plan Considered To Bring Country Up To Full War Production—Manpower Chief Says 5,000,000 Must Be On Job by End of Next Year

By FRANCIS M. LE MAY

WASHINGTON, Aug. 5.—(AP)—Machinery for a nationwide occupational registration of women, with a view to cataloging the country's total adult resources, may be included in war service legislation now being drawn for consideration by congress, credible sources said today.

A manpower commission spokesman, who wished to remain anonymous, estimated one of every three or four housewives, between 18 and 44, may be needed to attain full war production.

Paul V. McNutt, manpower chief, has estimated that around 5,000,000 more women must be placed in jobs by the end of 1943.

Of the 53,300,000 persons now employed, according to works projects administration reports, 13,900,000 are women. Of the 1,700,000 persons given new jobs from May to June, the WPA said 700,000 were women—about 40 percent.

A registration of women over 18 in the Detroit area will be conducted next week, and possibly will serve as a model for a nationwide count, if the manpower commission and congress decide one is necessary.

McNutt recently reported that a survey of occupations in 21 key war industries indicated that 80 percent of the jobs could be done by women.

Employment of thousands more mothers in war industries now is being made possible by establishment of new war nursery schools, for which the WPA is expending a minimum of \$6,000,000 throughout the country.

All men who registered under selective service now are being classified according to occupations, having answered special questionnaires.

Free India Willing To Join United Nations, Wordy Resolution Says

LONDON, Aug. 5.—(AP)—The Working Committee of the All-India Congress party adopted a 1,200-word resolution today, demanding "withdrawal of British power so as to enable India to become an ally of the United Nations and fight aggressors." Reuters reported from Bombay.

The resolution, Reuters said, declared "A free India will be willing to join the world federation which must, at first and for the duration of the war, start with the United Nations," but added that if necessary the Congress was prepared to launch a civil disobedience struggle under the leadership of Mohandas K. Gandhi.

The new draft was described as designed to meet "reasonable and constructive" criticisms which followed the British disclosure yesterday of the draft of a resolution by Mohandas K. Gandhi which stated the first move of an independent government problem.

AMERICAN BOMBERS  
ATTACK ON HANKOW

Jap Landing Barges Sunk By Chinese Gunfire

CHUNGKING, Aug. 5.—(AP)—American bombers in an attack on Japanese installations in the vicinity of Hankow, inland center on the Yangtze River, hit wharves, warehouses and shipping yesterday, a communique from Lieut. Gen. Joseph W. Stilwell's headquarters said today.

"The results were very satisfactory," the war bulletin added. Japanese warplanes attacked Kweilin, 250 miles northwest of Canton, this morning and early reports indicated three were shot down, the communique said.

Two were bagged by American fighters, it said, and one by ground fire.

The Chinese high command said three Japanese launches landing reinforcements along the Kwangsi River in eastern Kiangsi province had been sunk by Chinese gunfire, causing heavy casualties.

SCRAP COLLECTION  
DEPOTS DESIGNATED

Some Operating Now and Others Getting Ready

COLUMBUS, Aug. 5.—(AP)—Ohio's filling stations, garages and farm implement stores will become scrap iron and steel collection depots to help the state meet its 2,175,000-ton quota for the next six months.

A. A. Hoopingartner, vice chairman of the state salvage committee, announced yesterday that some centers already were operating and others would be established within a month.

He asked Ohioans to take scrap to the nearest center. Salvage officials will arrange to collect large items which residents cannot haul.

APPRECIATIVE CHINESE  
BUY GIFTS FOR U. S. FLIERS

CHUNGKING — (AP)—Appreciative Chinese have raised \$6,500 to buy gifts for airmen of the United States Air Force in China, who, like their predecessors in the American volunteer group, have become popular heroes. Several organizations announced today they would pay a "comfort" visit to the Americans at the front as a tribute to "their brilliant success against the Japanese."

Columbus War on Vice  
Now Being Intensified

COLUMBUS, Aug. 5.—(AP)—Mayor Floyd F. Green today appointed a civil authorities committee to aid in the drive on vice begun last week after the Army threatened to call in federal police.

Representatives of the police department, city attorney, county prosecutor and city and county health commissioners will direct an investigation of dance halls and liquor permit violations and cooperate with the Army in the vice cleanup.

The committee was named after Lt. Col. O. M. Baldinger, commander of nearby Lockbourne air base, told a mass meeting of dance, beer and liquor establishment owners that they were "on the spot."

Military police cannot be assigned to watch such places, he said.

40 MILES AN HOUR  
LIMIT ON MONDAY

COLUMBUS, Aug. 5.—(AP)—Ohio motorists, starting next Monday, will have to observe the 40 miles an hour speed regulation or forfeit their rights to obtain new tires or retreads.

Gov. John W. Bricker announced today that the state highway patrol, beginning Monday, will make a check on all motorists, both pleasure cars and trucks, and report all violators to the OPA officials.

Fierce Cossacks Get Back Of German Lines and Force Retreat

REDS ADMIT WITHDRAWALS

Hitler Continues To Pour in Reserves Regardless of Terrible Slaughter

By ROGER D. GREENE

(By The Associated Press)

German mechanized columns thundered deeper into the Caucasus today, on the road to Russia's vast oil treasures, and hundreds of Nazi parachute troops and even small air-borne tanks were reported landing behind the lines in an attempt to paralyze Soviet communications.

German military dispatches said Adolf Hitler's SS (Elite Guard) troops had captured Kropotkin, 125 miles below Rostov on the railroad and pipeline from the Caspian Sea, and had reached the Kuban River along a 60-mile front.

Cossack cavalry slipped through the German lines by night in the Kuschchevka sector and cut down more than 3,000 Germans and forced the survivors to flee two miles, dispatches said. Russian lines were reported holding at that point south of Rostov, though the German advance from Belaya Glinka threatened to outflank them.

Soviet dispatches still declared that the main struggle was raging far to the north of Kropotkin and gave no inkling that the Nazis had advanced so far to the south.

Re Fleet, the Soviet navy newspaper, said Russian warships in the Sea of Azov were shelling German troop columns and frustrating Nazi attempts to move sea-borne reinforcements into the battle south of Rostov. Red navy guns were credited with sinking an undisclosed number of German ships.

Dispatches to Red Star said German "chutists" were dropping from the skies in groups of 100 to 150, armed with machineguns, mine-throwers and automatic rifles.

Red Star said the aerial invaders were attempting to seize railway stations or other key objectives and hold on until motorized land reinforcements arrived.

Overnight, the situation appeared to have taken a sharp turn for the worse along the 300-mile Don-Caucasus front, with the Russians acknowledging withdrawals in three main sectors despite bloody losses inflicted on the Nazis.

A mid-day bulletin from Soviet headquarters conceded that the Germans, sending waves of 50 to 60 tanks smashing into Red army defenses had broken through the Belaya Glinka sector, 40 miles southwest of Nazi-captured Salsk, in a drive threatening the Caucasus.

Ship Sinkings

(By The Associated Press)

Twenty-three men were reported missing today from the sinkings of two merchant ships—British and United States—in submarine attacks at extreme ends of the submarine battlefield in the North Atlantic.

Ninety-five men, however, were rescued from the two vessels which brought The Associated Press total of announced sinkings in these waters since December 7 to 413.

The U. S. cargo vessel, torpedoed early in July 200 miles off the New England coast, went down with the loss of 19 men after 47 survivors fought their way clear of their blazing ship.

Capt. Carl Froisland said his ship was hit by a single torpedo and then burst into flames.

Survivors of the British ship in an east coast port said three torpedoes struck their vessel July 21, killing four men when they were within ten miles of a Caribbean port. Forty-eight were rescued including five gunners.

War Today

Continued Red Retreat No Indication of Defeat; Just Great Strategy

By DE WITT MACKENZIE

(Wide World News Service)

The Hitlerites have continued to gain ground in the face of magnificent Russian resistance in the Tsimlyansk sector of the lower Don and in the Belaya Glinz zone almost due south of Rostov near the mouth of the great river, but while the Red position is serious it can be said that nothing of a decisive nature has yet developed in this fateful battle.

From the standpoint of the Allied cause, the most important fact is that thus far the Muscovites haven't suffered annihilation of any considerable units of troops, as happened in last year's bloody fighting. The Bolshevik retreat has been carried out in an orderly manner, and apparently without excessive losses.

Outstanding Strategy Such a retreat represents one of the most difficult of military operations and provides still further evidence of the outstanding generalship of the Soviet army and the staunchness and sturdiness of the men.

As a result the Reds at latest reports were maintaining a battle line which, throughout much of its great length, seemed to be holding well. That affords encouragement.

This doesn't mean that further Russian retreat isn't to be expected, for it is. We must be prepared to see the Nazis thrust forward to the very edge of the great Caucasian mountain range. However, once the foothills are reached the Reds will be on better ground to counter the attack of Hitler's mechanized forces which at present are operating over the firm, level plains of the Northern Caucasus.

Second Front Question

In view of the great weight of Hitler's attack, it is natural that the question of a second front should continue to be a burning issue. Still, it strikes me that we shall save a bit of wear and tear on the nerves if we take cognizance of the fact that the conflicting reports about the possibilities of such a front are part of a game of bean-porridge-hot-bean-porridge-cold which the Allied chiefs seem to be encouraging with the shrewd idea of worrying the Axis.

This isn't to suggest that there's any doubt about a second front being established. It will be, but the time and place are the secret of the Allied high command, as should be.

German Worried

That's really all we of the general public need to know about the matter, and so we are free to get ahead with our own jobs in support of the war effort. But it isn't all that the Germans need know, and for that reason they are badly worried.

It's logical for them to fear some sort of invasion in the not distant future. Hitler knows that the need of an Allied invasion grows in direct ratio to the increase of the Red danger. Therefore, unless the Muscovites are able to halt his drive soon, he naturally will look for an emergency invasion of the continent to relieve the pressure on the eastern front.

The Fuehrer knows, too, that next spring may well be too late for an Allied second front if, meantime, he has crippled Russia, made conquest of the Caucasus and secured fresh supplies. That's why he is anxious about an attack in the west in the near future.

BAPTISTS CALL NEW MINISTER FROM BUCYRUS

Rev. Harold B. Twining To Take Place of Retired Rev. W. H. Wilson

Rev. Harold B. Twining has accepted the pastorate of the First Baptist Church of Washington C. H. to succeed Rev. W. H. Wilson, who retired last Easter after 18 years of service to the church and congregation.

Rev. Twining is to take the pulpit as the church pastor on

Rev. Harold B. Twining

September 11, said an announcement by the church officials, to begin his work here.

He has been pastor of the First Baptist Church of Bucyrus. He was here for two days last week, the announcement revealed, getting acquainted with the church members and, at the same time, giving them an opportunity to get acquainted with him.

The Mrs. Jessie Rowe property, 224 East Paint Street, has been purchased and the Twining's, with their three children, Harold, Jr., who enlisted in the service; James, 14 and Mary Evelyn, 12, will make their future home there.

Rev. Twining is a graduate of the Crozier Theological Seminary and, members of the church board said he was held in high esteem in Bucyrus where he was president of the Ministerial Association and the moderator of the Mansfield Association of Baptist Churches.

Members of the church here, a spokesman for the board said, are "looking forward to a continuation of good will, spiritual growth and Christian fellowship, which Rev. and Mrs. Wilson, pastor emeritus and his wife so earnestly strived for and achieved in their 18 years of service in the city."

Although Rev. Wilson retired last spring, he remained as a guiding light of the church during the weeks that followed when the church was without a pastor, frequently taking his old pulpit to deliver the Sunday sermons and calling on members of his congregation.

3191 PROGRAMS FOR RACES SOLD BY LIONS CLUB

Money Goes Into Fund for Buying Glasses for Needy Children

Members of the Lions Club sold 3,191 programs for the races at the Fair last week, a preliminary report made by the committee at the club's regular Tuesday night dinner meeting at the Country Club revealed.

This and other routine reports and a discussion of plans for the annual softball game between the Lions and Rotary Club teams featured the meeting. There was no speaker.

Just how much actual cash the program sale, which the Lions conducted exclusively, yielded, was not announced. However, it was emphasized that the money would be added to the charity fund from which the club uses to provide glasses for school children who need them, but whose families are not financially able to provide. The club has been carrying on this glasses program for a number of years and through it literally hundreds of boys and girls have been given a better chance in school and life.

The Lions gathered at the Country Club earlier than usual for this meeting; for, several of them with a liking for sport wanted to warm up for the projected game with the Rotarians. They brought several footballs and their gloves and gathered in little groups out under the big trees to limber up their throwing arms and get a little practice on stopping grounders and liners and high flies.

The game is tentatively scheduled for the Friday evening two weeks hence at the YM-YW lot in Cherry Hill.

at Ft. McClelland, Ala. Mrs. Deyo is visiting her parents, Mr. and Mrs. W. E. Summers this week.

Mr. Earl King of Good Hope, who entered St. Francis Hospital, Columbus, on July 28, underwent an operation there on Monday, August 3, for the amputation of his right foot and leg below the knee, and the index finger of his left hand. His condition is as well as could be expected.

5. An office of Price Administration official, who declined to be quoted by name, said fuel oil rationing in the east was "distinct possibility." thetic rubber program had been delayed by "incompetence and mismanagement" in the government agencies concerned and by "selfish, powerful, private interests."

President Roosevelt's views were expected to be set forth in some length in the message which he said he hoped to send congress by tomorrow vetoing the grain alcohol agency. At the same time the chief executive said he did not think anyone could make an exposition of the rubber situation, remarking there were more experts on the subject than there were varieties of pickles.

The speedometer - checking plan reported being considered by the WPB would call for the registration of every automobile outside the rationed East and the allocation of a specified number of miles to each driver through "certificates of necessity". The plan was suggested solely as a tire-saving measure.

der the big top. The burned but rescued animals were painted with gallons of foile, a new medicament used especially for treating industrial burns.

Long-handled brushes were used to daub wild beasts. Tannic acid solutions were applied to the tamer animals, under direction of Dr. J. J. Henderson, Ringling's chief veterinarian.

Cause of the blaze was not definitely determined, but Chief Louis P. Fritsch of the fire prevention bureau said he believed the fire was started by either a carelessly thrown cigaret or a live coal from a passing railroad engine. The circus was pitched on the downtown lakefront.

As circus hands gathered for lunch, flames broke out between the menagerie tent and the horse tent, Fritsch said.

John Ringling North, circus head, estimated the damage at \$100,000 although a complete in-

ventory of animal losses in the menagerie's 18 cages and rows of tethered beasts had not yet been completed.

There was no insurance on the damage because a circus "is classed as extremely hazardous, so the rates are prohibitive," explained Frank Braden, the organization's publicity man.

Animals destroyed by flames or shot by police and coast guardsmen included 10 camels, nine zebras, three elephants, five lions, three deer, a puma, and two each of the tigers, Indian monkeys, giraffes, and brindle gnus.

All the performing animals and prize attractions, including the giant gorilla, Gargantua, and his bride, Toto, were saved.

The show under the "big top" was held as usual last night, attracting 11,000 persons.

NAZIS AND TANKS 'CHUTE INTO CAUCASUS AS THRUST TO RUSSIA'S OIL FIELDS

(Continued from Page One)

ening to trap Russian forces below Rostov.

"Our troops withdrew to new defensive positions," Red sources said.

A Vichy (French) broadcast reported that German advance troops, striking far ahead of the main Nazi armies, had penetrated to within 13 miles of Armavir, key junction on the rail line to the Maikop and Baku oil fields.

Armavir lies 40 miles west of Voroshilovsk, which the Germans reported they had captured yesterday.

If true, this would mean that the invaders were in a position to bottle up sizeable Russian forces defending the west side of the Caucasus land-bridge to the Middle East.

Dispatches from Moscow said the entire nation was aware of the fast-developing crisis, and the newspaper Pravda exhorted the Red armies to fight with "more firmness and stubbornness—and the enemy will be stopped."

But the Germans, heedless of the terrible slaughter inflicted in their ranks, were pouring massive reserves into the struggle,

and it appeared that unless Marshal Semeon Timoshenko had a hidden trick up his sleeve, the great Trans-Caucasian oil fields were in great peril.

Military dispatches said the entire Caucasus front was alive with German tanks, troops and planes, with the Nazis making progress in almost all important southern sectors against furious Soviet resistance.

In the battle of the Don River bend, around Kletskaia, the Germans threw fresh reserves into the struggle and the Red armies were "pressured back somewhat," a communique said.

In the battle of Egypt, British imperial headquarters announced that Allied heavy bombers, slashing at Axis sea-borne communications, attacked three large enemy merchant ships in the eastern Mediterranean, hitting at least one squarely and scoring "near misses" on the others. The situation around remained dormant.

There still was no indication that either Gen. Sir Claude J. E. Auchinleck's British armies or Nazi Field Marshal Erwin Rommel's Africa Corps were preparing for imminent renewal of the battle.

OVER 1,200 RECORDS COLLECTED TO DATE

Over 1200 records have been collected to-date by the American Legion, and the work of collecting them, for benefit of the armed forces, is continuing.

The Cecilia Music club members are also assisting in the work, which was originally launched by the National Federation of Music Clubs last spring.

It is expected that a score of additional records will be brought to light within the next few days.

## -Spying- On Sports

By Hugh Fullerton, Jr.

**By HUGH FULLERTON, JR.**  
NEW YORK, Aug. 5.—Fast time pastime: While fans still are talking about the sudden end of the Giants-Dodgers benefit game the other evening it seems like a good idea to point out that clubs can and do finish games in a lot less than two hours and 25 minutes. The Sally League—"Mother of the Minors, cradle of the great"—has the same sort of dimout problem and Prexy E. M. Wilder reports that by barring all stalling they have cut the average time to about an hour and a half. "As long as we can hold this record, the fans, the officials and everybody else concerned are satisfied," he adds. "Only official action to bring about this speed-up was a ban on mass arguments, but we understand a lot of the wasted time between innings has been cut out, too."

### Plug Paragraph

When it was announced that the 37th (Ohio) Division was somewhere in a battle area, Toledo golfers decided to put on a tournament Aug. 24 to raise a little dough for the canteen fund. Inverness is waiving green fees that day, business men are contributing war bonds and stamps for prizes and pros, amateurs and public golfers will pay \$3 each to compete. Toledo expects to raise \$1,000 but the folks there think that if other Ohio cities would pitch in they could make it ten grand.

## Johnny's Hot But Weakens; Reds Win 4-3

CINCINNATI, Aug. 5.—(AP)—The Cincinnati Reds and St. Louis Cardinals entertain the gentry again tonight in a ball game that means little to the ambitions of either, except that it may prolong the Reds' stay in third place in the National League.

Bucky Walters for the Reds and Johnny Beazley for the Cards are the announced pitchers. Bucky is trying for his 13th win.

Yesterday's affair, won by the Reds, 4-3, was another of Johnny Vander Meer's hot games for six innings, but the Cards nicked him with three runs in the seventh. However, Joe Beggs prevented further damage.

The Reds hammered Howard Krist for two runs in the first on a single by Lonnie Frey, a double by Max Marshall, and two flies. Vandy himself scored the third tally in the next inning by singling, advancing on a walk and coming in on Marshall's single. An error, two singles, and a fly made the fourth in the third.

## GIANTS SAVED FROM DODGERS BY DIMOUT RULE

Same Rule Had Beaten Them  
Previous Night — Game  
Ends in 1-1 Tie

By JUDSON BAILEY

(By The Associated Press)  
New York fans may never like "twi-night" baseball, but they are now ready to admit that the dimout plays no favorites.

Twice in two nights the struggles of the Brooklyn Dodgers and New York Giants have been prematurely ended by the Army regulations which require that floodlights must be extinguished an hour after sundown.

Monday this rule helped beat the Giants 7-4 when darkness smothered a promising rally in the last half of the ninth inning—to the violent displeasure of a crowd of 57,305 fans assembled for the benefit of Army relief.

Last night, however, the switching off of the polo grounds lights erased a four-run tenth-inning outburst by the Dodgers and gave the Giants a 1-1 tie which the teams will play off Sept. 6.

Pewee Reese, the Dodgers' little shortstop, hit a home run inside the park with the bases loaded to kayo fiddler Bill McGee in the tenth with none out, but it didn't count because the inning never was finished.

The same teams met in their third successive twi-night game tonight, but this time across the city in Brooklyn.

Although the Dodgers didn't win, their National League lead was extended to 10 full games, their largest margin of the season, because the St. Louis Cardinals were set down 4-3 at Cincinnati.

The Pittsburgh Pirates captured a 2-1 decision over the Chicago Cubs on Frankie Gustine's only hit of the day, a single with two on in the 11th inning. Bob Klinger held the Cubs to seven hits.

At Philadelphia Joe Tobin limited the Phils to five hits, but was beaten 4-2 because the only runs the Boston Braves scored were on Tobin's own homer with a mate aboard in the seventh inning. This was the big right-hander's sixth circuit clutch of the year and tied Hal Schumacher's National League record for homer by a pitcher. In winning, old Si Johnson pitched seven-hit ball.

The New York Yankees were beaten 4-3 in a night game at Washington. Each team made seven hits, Sid Hudson going the route for the Senators, but errors, three by the world champions and two by Washington, helped decide the game.

Phil Marchildon, the standout hurler of the last place Philadelphia Athletics, held the Boston Red Sox to four hits to achieve his 13th triumph of the year by a 6-4 score.

Rudy York hit his 16th homer but the Detroit Tigers were beaten 5-4 by the Chicago White Sox in a loose pitching battle between two old-timers, Ted Lyons and Tommy Bridges.

## Kirk's Pacer Wins Stake At Xenia Fair

Gayland, a bay mare owned by McKinley Kirk, Washington C. H., and driven by Ernest Smith, won the 2.24 pace stake of \$500 in straight heats in the feature of the opening day's races at the Green County Fair Tuesday. A free-for-all pace, with a \$423.50 purse, was won by Lady Win, owned by Ed Moon, Mercer, Pa., and campaigned by W. H. (Doc) McMillan.

Gayland was second in the first heat of the same class stake at the Fair here last week, then came back to win the second heat but was cheated out of all chance to take the race when she was one of the three horses in a tangle as the horses headed into the first turn in the last heat.

## Morning Races At Rockingham For Army-Navy

SALEM, N. H., Aug. 5.—(AP)—Rockingham Park will add a morning card of six races to its regular afternoon nine-race program on Army-Navy Day today to become the first track in New England racing history to offer such a doubleheader.

Post time for the first morning race will be 10:30 and the association's profits in the fifteen-race program will go to relief funds of the army and navy. Track Manager Lou Smith said the morning card was planned for fans who have to be at their defense jobs in the afternoon.

Feature of the afternoon racing will be the \$2,500 added Matron Handicap in which George D. Widener's Rosetown is entered.

## DAIRYMEN WIN IN WILD GAME FROM GRANGERS

Softball Tilt Is Marked  
By Deluge of Hits and  
Plenty of Scoring

In the second night's program of the second round of league softball, Light's Dairy swamped the Selden Grange team in a wild game by a score of 22 to 14, Tuesday night, at Wilson Field.

The Dairymen scored two runs in the first inning and Selden scored three; so Selden led the game for a very short time before the second inning came up. The Light boys went on a scoring spree in the second inning and sent six runs across to Selden's two. In the third inning, Light's boys barged ahead again and scored another eight runs while Selden scored only two. In the fourth inning Light's scored three runs and the Grangers scored two runs.

The fifth inning saw Light's with no more runs and Selden with one more. In the sixth inning, both teams sent three runs across the plate and Selden Grange got one more in the seventh. The final score was Light's Dairy 22, and Selden Grange, 14.

The hitters of the evening were Hoskins of the Selden Grange with three for three, Shoults and Andrews of Light's with two for two and Kelley of Selden Grange with one for one. Two games will be played Wednesday night at Wilson Field. In the Church League, at 7 P. M., the Methodists will meet St. Colman's and in the industrial league at 8:30 P. M., Albers will meet the Forest Shade Grange.

## What You Buy With WAR BONDS

Essential in the equipment of every Soldier, Sailor, Marine or Flyer is a first aid kit, consisting of bandages and antiseptics for instantaneous use. These materials are packed into a compact box and cost about \$1.50 each.

We need millions of these first aid kits for emergency treatment. They are also used by Red Cross workers, in field hospitals and wherever needed until hospital treatment may be obtained. Even a child could buy one or more of these kits through purchase of War Stamps. Buy War Bonds and Stamps every pay day and invest at least ten percent of your income in these government securities. ## The 19th Hole Country Club Golf Gossip

Although the women's golfing championship of the Country Club was not officially at stake, Miss Ruth Sexton today held the distinction of holding the honors and a victory in the Ladies' Day tournament, an annual event at the club.

Miss Sexton had the low, a 57 for nine holes. Her closest competitor came from Mrs. Sam Parrett, 65; Mrs. Walter Jones, 64; Mrs. Marvin Thornburg, 65; Mrs. Ronald Cornwell, 58; Mrs. F. E. Hill, 65; Mrs. Florence Preston, 65 and Mrs. L. J. Dupree, 65.

Scribbles in the note book of the club pro, Tony Capuano: Governor John W. Bricker and Treasurer Don Ebricht got as far as the putting green last Wednesday. They expected to relax here for an afternoon with a couple of rounds of golf but an unexpected conference at the state capitol delayed their coming until too late.

Sam Parrett turned in his best score of the year—a neat 37—while playing with Hoy Simons, Dr. C. G. Hayes and Dr. W. H. Limes.

Glen Roseboom turned in a 37 card last week for his best score of the year, too.

Mrs. E. H. McDonald was out on the links for the first time in five years Sunday. She played a round with her son, Bob. Bill McLean looks like Lawson

## True Blue Class of Grace Methodist Church Selects Officers for Coming Year

Mrs. Floyd Mitchell very hospitably threw open her lovely home or the Snowhill Road for the regular meeting of the True Blue Class of Grace Methodist Church, Tuesday evening.

Over thirty five members motored out to the attractive country home, and enjoyed the delightful pleasures extended by the charming hostess and her assisting committee, Mrs. Emma Montgomery, Mrs. Mozella Ellis, Mrs. Margaret S. Hynes, Mrs. Ethelene James, Mrs. Madge Soddards, Mrs. Maxine Tracey, Mrs. Pansy Morgan, Miss Norma Dodd and Miss Blanche Ashbaugh.

The business session was conducted by the president, Mrs. Pauline T. Browning.

Mrs. Mae Schleich, chairman of the nominating committee, gave her report, with Mrs. Browning, president, Mrs. Marie Williams, vice-president, Miss Norma Dodd, treasurer, Mrs. Margaret Clay, secretary, and Mrs. Millie McGuire, assistant secretary. The program committee will be Mrs. Carey Lucas, Ada Reichenbach, and Miss Norma Dodd.

Following the report, it was voted upon to buy a Victory Bond. A covered dish supper for the September meeting, will be held in the church basement.

The devotionals service was beautifully given by Mrs. Mae Schleich, who gave the history of several songs.

A very interesting talk was presented to the group of ladies by Miss Bernice O'Brian. Miss O'Brian gave a story on each of the six stained glass windows in the church.

A present of a plaque of the Westminster Abbey, was given to Mrs. Roy Young, who leaves soon to take her home in Troy.

The lovely home had many beautiful arrangements of midsummer flowers throughout, and which were greatly admired.

The delicious refreshments served at the close of the evening were beautiful in their colors of pink, green and white.

The guests lingered until a late hour, enjoying the delightful pleasures of the cool summer evening.

## Anne E. Pitzer Honor Guest at Birthday Party

Complimenting their houseguest, Miss Anne Eylar Pitzer, of Georgetown, on her tenth birthday, Misses Joanne and Barbara Browning entertained with a small party Tuesday afternoon at half past four o'clock.

Meeting at the young hostesses' home, the girls bicycled to the Washington Country Club, where the large shaded lawns were a perfect setting for the group of gay young misses.

A handkerchief shower was presented to the pretty guest of honor, who made happy responses for the lovely selections upon opening each.

A peanut hunt was staged, with Nancy Boylan winning the prize. In another contest, Carol Ann Gidding was the winner and received a similar prize. Other games were enjoyed, with hilarity reigning throughout.

A picnic supper was cooked and served at the oven and enjoyed to the utmost, with one long table and benches seating the guests for the merry hour.

Helping to celebrate the occasion with Miss Pitzer, were Misses Boylan, Gidding, Marilyn Van Vorhis, Lucinda Harper, Carolyn Lou Bidwell, and Miss Jean Ann Wolfe of Columbus, who is visiting her cousin, Miss Carol Anne Gidding.

### Bloomington Kensington

Assembling twelve members and three guests, Mrs. Homer Wilson and daughter, Janice, and Mrs. Bernard Edwards, Mrs. Cora Wilson entertained the Bloomington Kensington Club with delightful hospitality Tuesday afternoon.

After a short business session, conducted by the president, Mrs. Martha McCoy, readings were given by Mrs. Charles H. Parrett and Mrs. Serepta Short.

Miss Janice Wilson, niece of the hostess, gave a very interesting resume of her tours with the Capital University Choir during the past year.

The hostess served delicious refreshments.

A number of large vases of gorgeous flowers from the garden of her daughter, Mrs. Bernard Edwards, were greatly admired.

## Crime Among Women Is Discussed On Special Program of Rotary Club

Ann's Invited To Meeting To Hear Superintendent Of State Reformatory

"Crime is a social phenomenon produced by a combination of bodily and mental characteristics of the individual and the environment acting upon that responding personality," Mrs. Marguerite Reilly, superintendent of the Ohio Reformatory for Women at Marysville, told a gathering of Rotarians and their wives at the club's regular Tuesday noon luncheon meeting at the Country Club in an exposition of "Women and Crime."

Mrs. Reilly was introduced as the principal speaker for this special program to which the "Ann's" had been invited by President Fred Rost.

Aside from the customary routine, the meeting was given over entirely to the discussion of one of the admittedly biggest of social problems by Mrs. Reilly.

Referring to her introductory sentence, Mrs. Reilly said that with this definition in mind "we can broadly divide crime into five divisions—physical environment, physical characteristics, mental characteristics, hereditary factors and social factors."

Women are usually involved in crimes of violence because of relations with some man. Mrs. Reilly declared adding that "she is either making a battle for her affections or wreaking vengeance upon some other woman who has supplanted her in his heart."

Taking up the five divisions of crime causes, Mrs. Reilly said in part:

"Physical characteristics have a more direct bearing on crime than physical environment, which takes into consideration the topography of the country, climatic conditions, fertility of the soil and the relation of the season to crime."

Any physical defect which may interfere with the person in making an honest living is likely to result in loss of self confidence, and may turn the person to crime. Over-development of boys is conducive of truancy in school, and premature development of girls has a correlation with delinquencies.

"A recent survey in Cleveland puts 27 percent of the crime in that city up to boys under the age of eighteen, while half of the persons tried on felony charges are between eighteen and twenty five."

"In the study of crime either men or women, we must consid-

er the source of our crime, and there is every indication in this country today that the source of crime lies with the youth."

"Criminals as a whole are pronouncedly more mentally defective than law abiding citizens. Feeble-mindedness stands first in its relation to crime."

"It is impossible to say whether or not crime is inherited but the natural characteristics which function in producing crime may be inherited."

"There are many factors that will start a girl out definitely as a criminal. Her mental condition; if she is attractive, her love of finery and good clothes to attract members of the opposite sex; if she is suffering with an inferiority complex, she will enter crime for the purpose of showing someone 'how good she is.' Almost invariably when women are involved in a robbery case, they are following the leadership of one young man or a gang of young men, and it is seldom that a woman actually takes part in the robbery. Her role is usually that of a lookout or keeper of the stolen property for the men who actually commit the crime."

"Forty percent of the inmates at the Ohio Reformatory for women are there because of crimes of violence against the person. Included in this group are the homicides, assault to kill, assault to wound, assault to rob, cutting to kill or wound and maiming."

"Unemployment or lack of attractive employment lowers the standard of a woman's life and has a most depressing effect upon her. Very often the parents fail to understand the modern age and the girls are often repressed because of home conditions."

## Vows Exchanged Tuesday at Home Of H. G. Coffman

The marriage of Mrs. Eva Van Winkle Simmons of Cincinnati, to Rev. Henry E. Woodard, pastor of Mt. Auburn Baptist Church, Cincinnati, was solemnized at 3 o'clock Tuesday afternoon, at the residence of the bride's cousin, Mr. and Mrs. H. G. Coffman, with Rev. W. H. Wilson officiating.

Preceding the ceremony, a wedding dinner was served at the home of Mrs. Hazel Devins.

After a wedding journey to Lake George, N. Y., Rev. Woodard and his bride will be established at 2455 Madison Road, Hyde Park, Cincinnati.

### Marguerites Picnic

Members of the Marguerite Class of the First Presbyterian Church motored to the Austin Roadside Park for an enjoyable picnic supper and meeting on Tuesday evening.

The bountiful supper consisted of all sorts of good dishes, most appealing on a cool summer evening, and the hour was particularly gay and delightful.

A short business session followed the supper.

## 'REAP THE WILD WIND' AT STATE THEATRE SUNDAY

NEWSPAPER CONTEST  
3rd DAY ART

IDENTIFY THIS SCENE FROM CECIL B. DEMILLE'S ALBUM OF SCREEN HITS! Win guest tickets to see DeMille's greatest, "Reap The Wild Wind"

This scene is from \_\_\_\_\_  
The principal actors shown are \_\_\_\_\_  
My name is \_\_\_\_\_  
My address is \_\_\_\_\_

For thirty years Cecil B. DeMille has been making great motion pictures. From "The Squaw Man," produced in 1912 to his latest Technicolor epic, "Reap the Wild Wind," which opens Sunday at the State Theatre, DeMille productions have always been the standouts in the motion picture industry. If you know your Cecil B. DeMille epics, here's a chance for you to win a pair of guest tickets to see "Reap the Wild Wind" as Mr. DeMille's guest!

Here's how you go about it: Every day for four days, beginning Monday, we will publish in this spot a photograph of Ray Milland, Paulette Goddard and John Wayne—who head the giant cast of "Reap the Wild Wind," looking through Mr. DeMille's scrapbook of hits. Each day a new page will be exposed and a scene from a former DeMille screen hit will be revealed. It is up to you to name the picture from which the scene is taken and to name the principal player or players whose pictures you see in the scene.

Do this for four days, filling in the information in the spaces provided. When you have finished pin the four panels securely together, and rush them to the "Reap the Wild Wind" Contest Editor of this newspaper.

Judging will be done on the basis of correct identifications of pictures and players. To be eligible for a prize all entries must be in the hands of the Contest Editor no later than Friday; contestants must agree that the opinion of the judges will in all cases remain final; all entries become the property of the State Theatre and will not be returned, and no correspondence will be entered into regarding entries.

Now, study the scene above! It should be a snap for you DeMille fans—it's a lot of fun, and it may be profitable! Win a visit to the

State Theatre on Sunday when "Reap the Wild Wind" opens. It is DeMille at his best—which means the best in action, thrills, romance and spectacle!

bulging warehouses over the nation.

"We got steel from warehouses all over the country," Higgins said. "They know even before we do that we'll get certain contracts and they send us these lists before we know what contracts we will get."

A. J. Higgins said there was no way of knowing what the premium price of such steel would be, adding that sometimes the bill carried "delivery charges" or charges for "wear and tear on tires."

"I don't see what all the excitement is about," he asserted. "Everyone who knows anything about steel or building knows of this market, and of the fact that warehouses are bulging with steel which is sold in slightly less than carlots at premium prices and the buyer's priority rating used to replenish the supply."

Frank Higgins told the committee there was nothing illegal in the transaction.

"It's legal profiteering, but it's as black as the ace of spades," he said. Adding that priority ratings were needed but that immediate delivery was made, whereas he said his company could not be sure of delivery on specific dates on war production board commitments.

**GRAIN MARKET NEWS SUMMARY**

**CHICAGO, Aug. 5.**—(P)—Losses of a cent a bushel or more were posted in the wheat, corn and rye futures pits here today as the grain market reflected renewed selling which brokers blamed largely on war news.

However, these losses, which put prices back to around seasonal lows, were reduced by a late rally.

The favorable crop outlook also had a bearish effect on the market and there was little support from commercial interests such as mill or baking trade buyers.

CIVILIAN DEFENSE SERVICE IS URGED

Canadian Official in Favor Of Compulsion

CLEVELAND, Aug. 5--(AP)--To be effective, civilian defense must be compulsory to some extent, says a Canadian official here for a civilian defense seminar.

Marcel Gaboury of Montreal, director of air raid precautions and chief of provincial police for Quebec, told seminar yesterday: "I see no reason why a defense volunteer, after receiving valuable training, should be any freer to leave his corps than a soldier would be. Home protection is the business of everyone, and without it air raid damage on this continent would seriously hold up our efforts on other fronts."

FIRST ROTC MANEUVERS TO BE HELD AT ZALESKI

ATHENS, Aug. 5--(AP)--Ohio University students will engage in the first college ROTC maneuvers ever held in Ohio in Zaleski State Forest starting August 7.

Col. James H. Churchill, head of the military unit, said today plans for field exercises had been completed. They will include most phases of infantry tactics and operations generally covered in ROTC corps area summer camps which have been discontinued for the war's duration.

# BEST SALVAGE RECORD IS BY VICTORY CLUB

### 4-H Clubs of Ohio Obtain Huge Amount of Scrap Material

The 4-H Victory Club in Fayette County, with Mrs. Ralph Pope, leader and Mrs. Edgar McFadden assistant leader, heads all 4-H clubs in Fayette County in collecting salvage materials, with 386 pounds of rubber, 150 pounds of iron and 299 pounds of rags.

In Ohio at large the 4-H clubs reporting to C. C. Lang, assistant State leader, at Ohio State University, lists collections of 119,720 pounds of scrap rubber in the recent salvage campaign. The clubs are still working on this and other jobs to collect vital materials.

The three leading clubs making reports to Lang, and the total amounts of rubber each collected are Middleton 4-H club, Ottawa County, Wilbur Klausmeyer, local advisor, 6,336 pounds; Oxford Livestock Boosters, Guernsey County, A. E. Winters, advisor, 5,700 pounds; and New Bedford Happy Farmers, Coshington County, Ira Scheetz, advisor, 4,340 pounds.

Other clubs which collected a ton or more of rubber are Valley View 4-H Club, Ashtabula County, Mrs. Howard Hazeltine, advisor; Amherst S. W. and P. Club, Lorain County, Melvin Kolbe, advisor; Knights of Eden, Wyandot County, Herschel Treas, advisor, and Gerysburg Girls, Darke County, Mrs. Kenneth Nelson, advisor.

Lang says these seven clubs and 18 more which reported collections of 1,100 pounds or more of rubber each will receive a gavel to be used in club meetings. The state leader remarks that he hopes each knock of the gavel will remind rural boys and girls that constant hammering will be required to knock out enemies of the United States.

Reports were made by only 175 clubs out of the more than 5,000 clubs in the state. Thousands of clubs which did not report are collecting rubber and other materials wanted for the manufacture of war supplies.

## CAMP MEETING READY TO OPEN

### Annual Revival Series To Start Thursday on Washington Avenue

The annual camp meeting on Washington Avenue will open Thursday evening and continue through August 16.

Rev. Evert C. Bond of Londonderry and Rev. Arthur Selbee of Chillicothe are to be the evangelists, and Harry Fagan, the blind musician, is to be the song leader.

In making the announcement of the camp meeting dates, the minister declared:

"The Gospel of Christ furnishes the only solution to the World's chaotic condition; therefore, the hearty and whole-souled cooperation of all the Saints is urged that the lost may be brought into a saving relationship with Christ."

"These meetings are strictly undenominational and the common good of all is sought. At this time, when iniquity is abounding, the old-fashioned camp meeting is one of the strongest factors to bring the nations back to God."

"As we still have the rights of religious liberty (which the people living under the dictatorship do not have) we should appreciate these privileges and maintain them by our support and cooperation."

## 'A Statement of Principles'

Our rulers can best promote the improvement of the nation by strictly confining themselves to their legitimate duties, by leaving capital to find its most lucrative course, commodities their fair price, industry and intelligence their natural reward, idleness and folly their natural punishment, by maintaining peace, by defending property, by diminishing the price of law and by observing strict economy in every department of the state.

## People To Know

By IRIS LEE SPARKS

Besides his position as cashier of the Milledgeville Bank, ex-sheriff, ex-superintendent of Fayette County schools, and ex-senator, O. S. Nelson's main interest is his 100-acre farm south of Washington on the Greenfield Pike, where he keeps a herd of Shetland and Welsh ponies for his seven grandchildren.

Born at Jasper Mills, blue-eyed, handsome Nelson attended Sunflower, Buckeye and Bell View schools, taught at Jasper Mills, Rattlesnake, and Mallov Schools before he graduated at Ohio Northern University with a Bachelor of Science degree. He then taught at White Oak in Madison, Good Hope, Wayne, Stanton and Concord. While teaching at Stanton, Nelson went to serve as deputy sheriff to his father, later was chosen sheriff in 1909.

After serving four years, he was elected county sheriff for two years, then appointed county superintendent of schools for eight years. During his administration, incidentally, all centralized and consolidated schools were built with the exception of Wayne High, which was among the first in the state to be consolidated.

In 1930 Nelson was elected representative of the General Assembly for one term, after which he served two terms in the Ohio Senate.

Nelson's first banking experience was as cashier of the Farmers' Bank in Good Hope. However, in 1928, he resigned there to take his present position of cashier in the Milledgeville Bank. In 1940, the bank, one of the two in the county not to "go broke" during the depression, moved to Jeffersonville.

Married to Rebecca Van Kirk, Nelson has two daughters: Mrs. Martha Lewis and Mrs. Mary Louise Wilt; two sons, Samuel, an undertaker in Hamilton, and Robert, who is in charge of sales promotion in the American Rolling Mills in Middletown.

Speaking of the foreign and home situations, Nelson said, "The enemy countries are well prepared for this war or they never would have started it. We weren't prepared at the time war

# HELEN HUTSON IS BOND SALES CHAMPION HERE

### War Bond Committee Awards Honor and Discusses August Program

The Fayette County War Bonds committee, headed by F. E. Hill, has selected Miss Helen Hutson as the bond sales champion for Fayette County the past month, and her name and accomplishments in the work will be certified to the district board which includes 12 counties.

If Miss Hutson wins in the district her reward will be a citation and a \$25 war savings bond.

Miss Hutson's work was outstanding as president of the Phi Beta Psi Sorority, and the award was based on the time and effort placed behind the sale of bonds and savings stamps.

This organization did notable work in promoting the sales in various ways, and was roundly

commended by the Fayette County War Bond committee.

At the same meeting the board outlined the August program and is engaged in pushing sales of War Savings Stamps and Bonds generally.

During the month of August the theatrical industry will promote the sale of bonds and stamps.

Plans for enrolling employees in the 100 percent payroll deduction plan were discussed, and during the month it is hoped to bring many of the smaller firms into the deduction plan with the larger firms already enrolled.
